: Chapter 18 (1096) “Gu... When did you say you would move?” “I’m not planning on moving and even if I were, why would you care?”When she heard the answer, RuYi shook her head and let out a sigh. The reason she was even here was because of JeoYeon. The suspicion that had been building inside her for the past few days was completely confirmed.However, it didn't feel right to do something like this right now since JeoYeon was still occupied with her mission, Ahn Suk was completely correct in being angry and without Ahn Suk’s great help, it would have been fairly difficult to deal with her sister.
