EA SPORTS FIFA 20, 2019. Image by EA SPORTS FIFA 19 Twitter It's football like you've never seen it before. Electronic Arts revealed the new edition of its flagship game earlier this year, the long-awaited FIFA 20. The gameplay changes are subtle, but they're important. Every new innovation that works its way into the code changes how the game feels. From faster controls and improved shooting mechanics to stunning new animations, FIFA 20 is FIFA playing by a new set of rules. EA SPORTS FIFA 20 - Genesis Edition Available October 25 What is FIFA? EA SPORTS FIFA 19 Twitter EA SPORTS FIFA 19 is the official videogame of FIFA and the world's leading videogame publisher. With FIFA 19, players are invited to experience what it truly feels like to play as the best players in the world. The core gameplay mechanics of the franchise remain unchanged, but EA SPORTS FIFA 19 introduces several innovations that connect the experience on a deeper level. New Player Positioning gives you a new layer of control over how you approach the game: by choosing from a set of balanced, realistic positions, you can play the way that you were born to play. With EA SPORTS FIFA 19, you're free to control your game from anywhere within your preferred area of influence, whether it's midfield or at the top of the box. EA SPORTS FIFA 19 Twitter EA SPORTS FIFA 19 makes defending even more meaningful. Highlight the importance of positioning with a new Defending Control System that unlocks defensive maneuvers for your players. When the ball is won back or there is a positional foul, you will no longer have to manually press the 'pass' button to send the ball to your teammate. By simply tapping on an opponent, your player will automatically make a pass play. This allows for more direct, flowing, and continuous football. With the new Maneuver System, you can perform multiple actions at once to create dynamic, new ways of scoring a goal. You can shoot a shot, conduct a pass, and dive at the same time. You can even perform a V-cut to find an open teammate and have them carry the ball downfield. In this way, you can find the style of play that's most effective for you and your teammates.
